

# **A scalable supervision model for internationally qualified OTs:**

## **Supporting workforce integration in Australia and beyond**

**Presented by:**

**Natalie Tanner-Black  
Occupational Therapist  
Director of TogetherUp**

# TogetherUp's Supervision & Transition Program

**Preparing the Journey**  
Access to online learning modules on Australian practice before starting

**Meeting Compliance**  
Registration pathway support & guidance on documentation

**Exploring with Local Guidance**  
Supervision supports the practical application of learning in the role

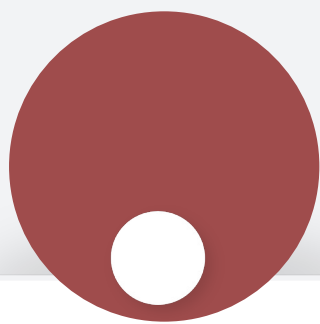

# Outcomes & Scalability

## Outcomes

- A non-judgemental, supportive environment
- Increased confidence in client management
- Improved understanding of Australian OT practice frameworks
- Recommendation: A checklist or timeline to track progress

## Scalability

- TogetherUp's program is designed to be scalable and transferable
- Other countries can adapt the model to attract, support, and successfully integrate internationally qualified occupational therapists into their workforce.

Thank you to Frances Dimitiman,  
Rachael McCluskey & TogetherUp Team
